SUMMER ACADEMIC CLASSES

Stay sharp this summer with our fun and engaging weekly classes designed to keep your mind active and ready for the new school year!

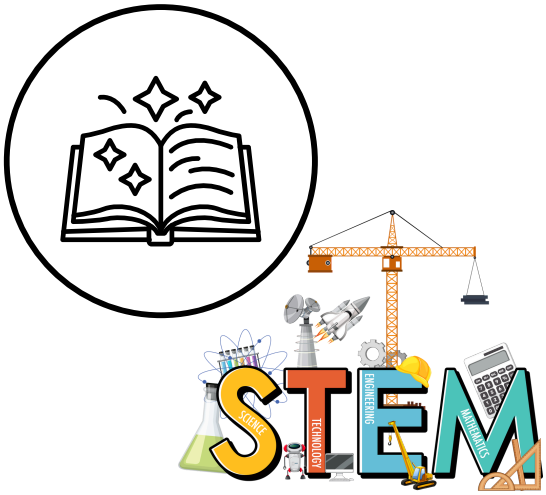
CREATIVE WRITING

Unleashing Your Best Storytelling Adventure!

By the end of summer, you'll embark on an exhilarating journey, holding a fully published book, crafted by none other than your favorite writer– YOU!

Recommended for rising 2nd, 3rd, 4th, 5th graders

STORYBOOK STEM



Students will continue to engage their math and reading skills while fostering creativity throughout the summer. Each week will feature a unique read-aloud theme that encourages the practice of comprehension strategies. Following the reading, students will tackle a STEM challenge inspired by the book, which may include science experiments, art projects, and engineering tasks.

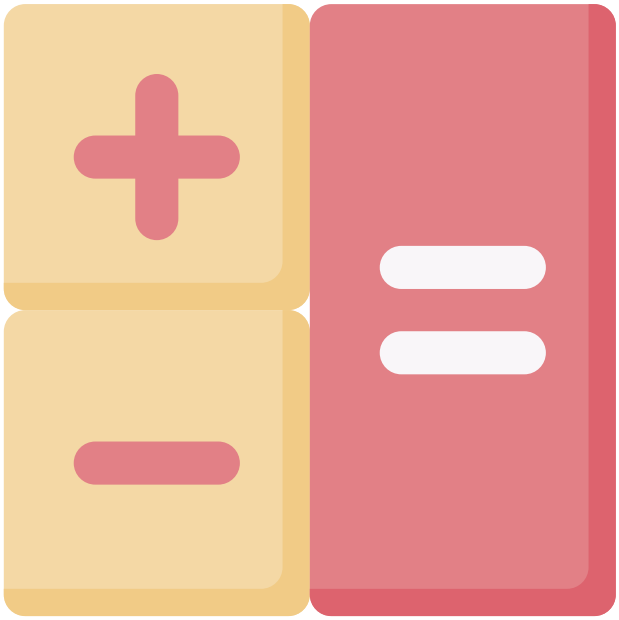
Recommended for rising kindergarten, 1st and 2nd graders

KINDERGARTEN ROUND UP

kindergarten

Get ready for kindergarten with a weekly class run by a seasoned kindergarten teacher! Do math meeting, participate in stations and listen to a story each week. This class is a great chance to get some of the big emotions of separating, being in a different school environment and learning to follow directions while also making new friends! We will also be practicing imporant kindergarten skills such as letter name sna dsounds and number recognition.

Recommended for rising Kindergartners ONLY



ADDITION AND SUBTRACTION BOOTCAMP

Let's move beyond counting on your fingers or using number lines to solve problems. Together, we'll master basic addition and subtraction, empowering you to mentally visualize and solve equations with ease!

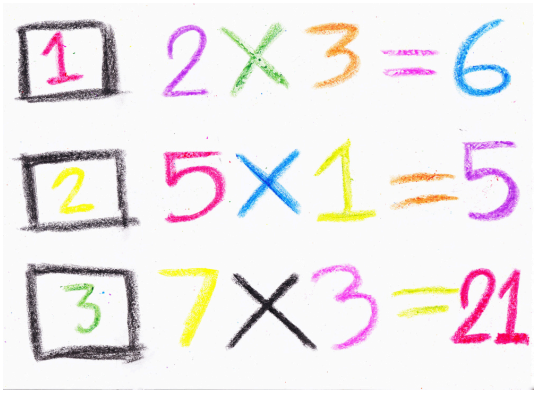
This will be a heavily game based class to practice facts over and over and over again! Students will also work using many different manipulates while mastering mental math.

Recommended for. Rising 1st and 2nd Grade students

MULTIPLICATION AND DIVISION BOOT CAMP

Our goal is to enhance both skill and speed! Dive into fun and interactive games, and tackle quick math sheets to master your basic multiplication and division facts.

Recommended for Rising 3rd, 4th and 5th graders



SPANISH CRAFTING

Join our art class, designed for friends in the Spanish immersion program! It's a great chance to have fun while enhancing your Spanish vocabulary and conversation skills. The class will be conducted in English and translated into Spanish. You'll be expected to speak Spanish from the moment you enter the classroom. Each week features a new art project, offering a perfect opportunity to practice your Spanish in a creative setting.

Recommended for any students in the Spanish Immersion Program
